Appendix A – Artificial Game Retrieving Trials for Gundogs

RULES FOR THE CONDUCT OF RETRIEVING TRIALS FOR GUNDOGS

PURPOSE

1. A Retrieving Trial is an event at which competitions for the working of registered Gundogs are conducted, both on land and in or through water, to determine their relative merits in the field under conditions which emulate as closely as possible those which would be found whilst hunting, but at the same time bring the work of each dog within an ambit of equality where assessment may be fairly made.
2. The function of a Retriever is to seek and retrieve fallen game, when ordered to do so. It should sit quietly with the handler or in the hide, walk at heel, or assume any station designated by the handler, until sent to retrieve. When ordered a dog should retrieve quickly and briskly without unduly disturbing too much ground. It should deliver tenderly to hand and then await further orders from the handler.
3. Accurate marking or memory of falls is of paramount importance. However, this does not imply that dogs that excel in marking should not be penalised for other faults. Ability to mark does not necessarily imply pinpointing the fall. A dog that misses the fall on the cast but recognises the depth of the area of the fall, stays in it, and quickly and systematically hunts it out has done a creditable and intelligent job of marking.
4. A dog that marks the fall of a bird, uses the wind and takes direction from its handler is of great value.
5. Directives of a Member Body shall apply to Retrieving Trials in their State/Territory and to any affiliate conducting Retrieving Trials, with the exception of National and State Championship Trials, and in the event of any inconsistency the Rules of the DOGS AUSTRALIA Ltd shall apply.
6. At a National Retrieving Trial Championship and at State Championships the only Rules that shall apply are the Rules for the Conduct of Retrieving Trials for Gundogs, as approved by the DOGS AUSTRALIA Ltd.
7. Retrieving Trials will be conducted and facilitated in accordance with:
(Amended – effective 01/01/25)
 - (a) The Rules and Regulations of each State or Territory Body as approved by the DOGS AUSTRALIA Ltd, and
 - (b) The relevant legislation applicable to Animal Welfare, Firearms and Game where the trial is held.

DEFINITION OF TERMS

8.
 - (a) **Action and Style** - These are both seen in a fearless, well-trained dog working with purpose, enthusiasm and good free movement.
 - (b) **Associate Gundog** – a variety accepted by a Member Body as a Gundog
 - (c) **Blinking** - Any dog that finds or is seen to acknowledge the presence of game but deliberately passes by the game is “Blinking Game”.
 - (d) **Breaking Fence** – Is the act on the part of a dog, when walking to heel, of going through, over or under a fence, without order. A dog should remain steady at both sides of a fence through or over which its handler is crossing.
 - (e) **Breaking from the Hide** - A dog will be deemed to have broken from the hide if it moves outside the area designated by the Judge as the Hide. Any movement by the dog within the area of the Hide shall be classed as unsteadiness only.
 - (f) **Breaking to Shot** - If a dog makes a forward movement which in the opinion of the Judge indicates a deliberate attempt to retrieve without being ordered to do so, that dog shall be deemed to have broken. If a dog makes a slight break and is brought immediately under control it shall be penalised for unsteadiness.

- (g) **Control Area** - is that area encompassed by the Control Point markers and the Firing Point markers, terrain permitting the distance between the Control Point and the Firing Point shall not be less than 10 metres. **(Amended – effective 01/01/2025)**
- (h) **Control Point** - is the point at which a dog and handler come under the control of the Judge for the purpose of commencing a Run. This point shall be between the two markers set in position by direction of the Judge.
- (i) **Dog** – shall be taken to mean a Gundog of either sex.
- (j) **Drop or Down or Sit** - Drop or Down or Sit – A well trained dog should stop on command. A dog may sit, stand or drop in position, but must not move from that position until ordered.
- (k) **Firing Point** - is the point from which the handler will fire a gun and direct the dog to retrieve. The distance between the two marker pegs at the Firing Point shall be not less than 2 metres. A handler moving outside the Firing Point to handle their dog may be penalised as defined on the Judging Sheet. **(Amended – effective 01/01/2025)**
- (l) **Game** – Definition of - Quail, Duck, Pigeon, Partridge, Pheasant, Rabbit and Hare, inclusive of domesticated or any commercially available artificial variants. (Refer Appendix A). **(Amended – effective 01/01/25)**
- (m) **Game Sense** – Some dogs very apparently use a lot of sense in locating game; in working running game and in finding dead and wounded birds or game. These dogs have 'game sense'.
- (n) **Giving Tongue** - A dog is deemed to be "giving tongue" when in the opinion of the Judge the dog barks or emits other significant noise whilst being adjudicated.
- (o) **Gundog** – shall be taken to mean a registered pure breed dog of a variety accepted by a Member Body as a Gundog.
- (p) **Gun Shy** - A dog which recoils from the sight or sound of the gun is deemed to be "gun shy" and should be penalized according to the seriousness of the fault.
- (q) **Hard Mouth** – A dog is deemed to be hard-mouthed when there is unmistakable evidence of any markings or damage on game retrieved due to biting or crunching by the dog. The penalty as defined on the score sheet should be relative to the marking or damage. Game can be damaged when thrown and this should be considered In the event of Extreme Hard Mouth. The Judge may apply Rule 68 and disqualify the dog. Extreme Hard Mouth is where there is deliberate squeezing of game so that game is damaged and the Judge considers that the game is unfit for the table. **(Amended – effective 01/01/2025)**
- (r) **Hide** - An area clearly defined by the Judge in which to leave the dog. Where possible it is recommended that the Hide be part of the natural terrain or be constructed of natural materials. **(Amended – effective 01/01/2025)**
- (s) **In Line Game** - Items of game shall be considered to be "in line" if the lines to these items of game are separated by less than 10 metres at a distance of 50 metres from the Firing Point; less than 20 metres at a distance of 100 metres from the Firing Point and less than 30 metres at a distance of 150 metres from the Firing Point
- (t) **Member Body** - Means the Member Body of the Australian National Kennel Council Ltd which controls the canine activity in the State or Territory in which the fixture is being conducted.
- (u) **No Score** - Where a dog has been marked "No Score", the dog may continue in the Stake at the discretion of the Judge, but is to be considered as a non competing dog. In subsequent Runs they must be run after competing dogs.

- (v) **Obedience** - Prompt compliance with all commands. Dogs should act readily and not cower or cringe at their handler's signs, sounds or commands.
- (w) **Pottering** - A dog that hunts around in a confined space covering ground that it has already worked, or one that lingers on an old scent, leaves it and then comes back to it is "pottering".
- (x) **Retrieving** - retrieving covers the performance of the dog from when ordered to retrieve until it delivers the game to its handler.
- (y) **Run** - This term collectively describes those activities that occur between the time the competitor comes under the control of the Judge and when the competitor ceases to be under the control of the Judge. A competitor comes under the control of the Judge at the Control Point when the lead is removed from the dog and ceases to be under the control of the Judge when the handler returns to the Control Point and places the lead back on the dog. See also Procedures for Conducting Trials, Clauses 80 through 93 inclusive.
- (z) **Walking to Heel** - Dog's head to be close to the side of heel or immediately behind the heel of the handler.
- (z) A bona fide exhibit is an exhibit where the dog is presented to the judge for competition and cannot be withdrawn except in accordance with Rule 70. **(Amended – effective 01/01/2025)**

Retrieves

9. **Single Mark Retrieve** A Single Mark Retrieve is a retrieve where only one object of game is cast and is to be retrieved, and as further defined in Rule 26.
10. **Walk-Up Retrieve** is one where the dog is walking at heel, the game is cast and shot at. Immediately the handler pauses to fire, the dog shall sit, drop or stand steady until directed by its handler to move. A Walk-Up retrieve is not permitted in a Novice Stake or Beginners' Test. **(Amended – effective 01/01/2025)**
11. **Wounded Game**
 - (a) **Wounded Bird Retrieve** - Bird to be thrown by Steward as in other retrieves, but to have line attached by which it is dragged for each dog for a distance of at least twenty (20) metres. Bird then picked up and fresh bird left in its stead. **(Amended – effective 01/01/2025)**
 - (b) **Wounded Rabbit Retrieve** - Rabbit to be placed by Steward as in other retrieves, but to have line attached by which it is dragged for each dog for a distance of at least twenty (20) metres. Rabbit is then picked up and fresh rabbit left in its stead. **(Amended – effective 01/01/2025)**
 - (c) **Bolting Rabbit** – This will be when a rabbit leaves an area (Squat) and moved away quickly for a distance. The rabbit will be clearly visible to the dog for the majority of the travel of the Rabbit and will not be more than 60 metres from the dog. The dog if ordered to do so will then retrieve a fresh rabbit left in its stead. This is not a wounded game retrieve but be the initial part of a wounded game retrieve. The retrieve is to be treated as a marked/sighted retrieve. **(New rule – effective 01/01/2025)**
12. **A Blind Retrieve** shall be a retrieve where a dog is in such a position that the flight, fall or placement of the game cannot be seen. The Judge may direct the dog to be placed behind a Hide in close proximity to the Firing Point. Where possible it is recommended that the Hide be part of the natural terrain or be constructed of natural materials. **(Amended – effective 01/01/2025)**
13. **A Double Mark Retrieve** shall consist of two (2) Mark Retrieves and may include land and water. Except where two items of game are cast to fall within 20 metres of each other the items of game shall not be cast simultaneously and there shall be a reasonable delay between the casts.
14. **A Double Blind Retrieve.** Two items of game will be separately located and the Retrieve conducted as for a Blind Retrieve.

15. **A Double Rise Retrieve.** A Double Rise Retrieve shall consist of a retrieve where one item of game is cast as for a Mark Retrieve at which two shots are fired in succession and before the dog is sent to retrieve. While the dog is returning with the first item of game, a second item of game is cast or placed no further than ten (10) metres from the fall of the first item of game, but at a greater distance from the Firing Point. The second item of game shall be retrieved immediately after the first item of game is delivered to hand. On the second leg, a handler may cue the dog using hand and voice to return to the area of fall of the first item of game. Having sent the dog for the second item of game, the retrieve should not be treated as a Blind Retrieve.
16. **Two-Bird Retrieve.** The first item of game shall be cast as for a Mark Retrieve, or alternatively, it may be cast or placed as for a Blind Retrieve. In accordance with instructions from the Judge, the dog shall be sent to recover this item of game. While dog is returning to the handler with the first item of game, a second item of game shall be cast so that the dog may mark or hear its fall. The second item of game should be cast to land not less than twenty metres from the line to the first item of game. **(Amended – effective 01/01/2025)**
17. **Double Fall Retrieve.** The first item of game is cast as a Mark Retrieve and at which one shot is fired. While the dog is on the way out to retrieve the first item of game, a second game is cast and a shot fired so the dog may mark or hear the fall of this item of game. The first item of game must be retrieved before the second item of game. The second item of game must be cast to land not less than twenty metres from the line to the first item of game and not less than forty metres from the Firing Point. This retrieve is limited to All Age and Championship Stakes.
18. **A Mark and Blind Retrieve** shall consist of one Mark Retrieve and one Blind Retrieve.
19. (a) **A Triple Mark Retrieve** shall consist of three separate Mark retrieves. The items of game may be cast at different angles and, may include land and water and must be separated in accordance with the specification in Rule 8 (s). One retrieve must be at a short distance. There must be a reasonable delay between casts.

(b) **A Triple Blind Retrieve** shall consist of three separate blind retrieves. The items of game may be cast at different angles and may include land and water and must be separated in accordance with the specification in Rule 12. One retrieve must be at a short distance. **(New rule – effective 01/01/2025)**
20. **A Triple Retrieve with two Blinds and one Mark** shall consist of a Double Blind Retrieve and a Single Mark Retrieve.
21. **A Triple Retrieve with two Marks and one Blind** shall consist of a Double Mark Retrieve and a Blind Retrieve.
22. **Through or Amongst Decoy Retrieves.** No less than six decoys, constructed of plastic or wood, shall be used. The decoys must be anchored individually and must be ‘non-motion’ decoys. Any dog that picks up a decoy and does not immediately release it without command shall be marked with No Score. A dog which becomes entangled in the strings and attempts to break free shall not be penalised.
23. **In multiple Retrieves** the Judge may stipulate the order in which items of game shall be retrieved. Any reasonable combination of the listed Retrieves shall be permissible, provided that a dog shall not be required to pick up more than three (3) items of game in any Run.
24. **In Line Retrieves** The Judge shall not specify the order of pick-up if items of game are deemed to be “In Line” and that decision shall be left to the handler’s discretion. Refer Rule 8(s) for the definition of In Line Game. **(Amended – effective 01/01/2025)**
25. **Diversionsary Game** - In All Age and Championship Stakes, a Judge may order that one (1) additional item of game be placed or cast as a diversion and this item of game shall not be retrieved by the competing dog. An item of game used as a diversion shall not be located either “in line” with or less than 20m from an item of game that is to be retrieved. See Rule 8 (s) for the definition of “in line”.

26. **Wrong Game** - While in competition, if a dog picks up an item of game used in connection with the Run, other than the nominated item of game, it shall be eliminated from further competition. In the event of a dog picking up an item of game not being used in connection with the Run, it shall be given a re-run and the Judge will take into consideration the performance of the dog prior to its picking up this item of game. **(Amended – effective 01/01/2025)**
27. **Mark Retrieves** are retrieves where a dog is in such a position at the Firing Point to be able to see a bird in the air and as it falls and where possible the cast bird should break open skyline when viewed by the dog. A dog on a Mark Retrieve should not need direction from the handler once the dog has been sent for the Retrieve. On Mark Retrieves, where more than one bird is to be retrieved, the order may be specified by the Judge. The handler is permitted to indicate clearly to the dog by hand and/or by voice which bird it is being sent for. Further handling once the dog has left the handler's side will be penalised accordingly. **(Amended – effective 01/01/2025)**
28. **Blind Retrieves**, where possible, the course should be planned in such a way that advantage is taken of natural hazards. It should be possible, at least in theory for a well trained dog to be able to find a well planned Blind Retrieve on the initial line from its handler. The test should be planned so that the dog should be in sight at least until directed into the area of the fall, as a Blind Retrieve can be a test of control a dog that is out of sight for a considerable period of time cannot be said to be under control. A dog that holds the initial line provided by the handler all the way to the bird has demonstrated ultimate control. If further handling is required then points should be deducted based on where they are given and whether they are obeyed. **(Amended – effective 01/01/2025)**
29. **Programmes** should be so arranged that all dogs are thoroughly tested on land and in or through water of sufficient depth to require the dog to swim.
30. **Retrieve Distances** - The maximum distance for any mark retrieve will be 130 metres. The maximum distance for a Blind Retrieve will be 150 metres. In Novice Stakes and Beginners Stakes, runs shall not exceed 100 metres. **(Amended – effective 01/01/2025)**
31. **Consecutive Runs** - No more than two (2) Runs judged by the same Judge may be linked consecutively before each competitor leaves the Control Area. No more than four (4) items of game may be retrieved in total. **(Amended – effective 01/01/2025)**
32. **Relocation Retrieves** - Where a dog is moved from an original Firing Point must not involve a relocation of more than twenty (20) metres. The relocated Firing Point should not unduly disadvantage the dog or handler and the area of fall must remain able to be observed by both dog and handler from the new Firing Point. Relocated retrieves are permitted when they enable better sighted retrieves to be included in the Run. **(Amended – effective 01/01/2025)**

Retrieving Stakes and Test Eligibility

33. The age of a dog shall be computed from its date of birth to the date on which the Trial commences. All events shall be restricted to dogs six months of age and over. **(Amended – effective 01/01/2025)**
34. Registered (Main and Limited) Gundogs shall be permitted to compete in Retrieving Trials in all States and/or Territories of Australia.
Associate Registered Gundogs who have achieved an Open Retrieving Ability (ORA) title shall be permitted to compete in Retrieving Trials up to and including Restricted Stakes. **(Amended – effective 01/01/2025)**
35. A trial committee may elect to conduct any trial using cold or artificial game but not a mix of the two. The same types of cold game or artificial game must be used for each dog completing the retrieves comprising a Stake. **(New rule – effective 01/01/2025).**
36. **A Stake** is a competition held at a Retrieving Trial and shall consist of not less than three (3) Runs, except for a Beginners' Test, which shall consist of two (2) Runs. There shall not be more than 4 Runs in a Novice Stake. A trial committee may elect to conduct any stake using game or artificial game but not a mix of the two. The same types of game or artificial game must be used for each dog completing the retrieve comprising a stake. **(Amended – effective 01/01/2025).**

37. **Beginners' Tests** are confined to Gundogs that have not won a Beginners Test nor have placed in any other Stake. Beginners' Tests shall consist of two (2) Runs each of which is a Single Mark Retrieve, one (1) on land and one (1) in or through water. A Walk-up Retrieve is not permitted in a Beginners Test. **(Amended – effective 01/01/2025)**
38. **Novice Stakes** are confined to Gundogs that have not won five (5) Novice Stakes or any other Stake (Beginners' Tests are excluded) or have gained Championship Points and/or been awarded an AARD title. The only form of retrieve in a Novice Stake is a Single Mark Retrieve. A "Walk-Up" is not permitted in a Novice Stake. **(Amended – effective 01/01/2025)**
39. **Restricted Stakes** are confined to Gundogs that have not won five (5) Restricted Stakes or have gained Championship Points and/or been awarded an AARD title. At least one Blind Retrieve shall be included in a Restricted Stake. A Blind Retrieve should preferably be picked up after, rather than before, a Mark Retrieve, Double Rise Retrieve or a Two-Bird Retrieve.
Where a Blind Retrieve is to be retrieved first, the angle of separation between the Blind and other items of game shall be at least 60 degrees. **(Amended – effective 01/01/2025)**
40. **All Age Stakes** are confined to Gundogs that have won a Novice or have been placed first, second or third in a Restricted Stake. A Blind Retrieve must be included, with the dog tested for steadiness in a Hide at least once. **(Amended – effective 01/01/2025)**
41. **Championship Stakes**
- (a) Are confined to Gundogs that have been placed first in a Restricted Stake or first, second or third in an All Age Stake or have the title All Age Retrieving Dog (AARD). Proof of Eligibility must be included with the entry for a non-titled dog.
 - (b) Shall consist of not less than five (5) Runs, with at least thirteen (13) items of game to be retrieved. At least two (2) Blind Retrieves are to be included. A dog must be tested for steadiness from behind a Hide on at least two occasions.
 - (c) Must not include artificial game. **(Amended – effective 01/01/2025)**
42. **National Championship Stakes**
- (a) Are confined to Gundogs that have been placed first in a Restricted Stake or first, second or third in an All Age Stake or have the title All Age Retrieving Dog (AARD). Proof of Eligibility must be included with the entry for a non-titled dog.
 - (b) Shall consist of not less than eight (8) Runs with at least seventeen (17) items of game to be retrieved. At least two (2) Blind Retrieves are to be included and a dog must be tested for steadiness from behind a Hide on at least two (2) occasions.
 - (c) Must not include artificial game. **(Amended – effective 01/01/2025)**
43. (a) In each year there shall be held not more than one (1) Championship Stake by each state or territory, except when a state or territory is holding a National Championship it may, in addition, hold a State or Territory Championship.
- (b) Any state or territory conducting a championship event outside its home state or territory borders shall seek consent from the state or territory Member Body in which it proposes to hold the event at least twelve months prior to the proposed event. **(Amended – effective 01/01/2025)**
44. No other Retrieving Trial carrying Points towards the title of Champion may be conducted throughout Australia on the same day as a National Championship Retrieving Trial.
45. A dog that becomes ineligible for a Stake by virtue of a win after the close of entries may be elevated into the next highest Stake at the Trial at which it is entered providing the entry fee is adjusted

accordingly and /or necessary. Alternatively (Subject to complying with Member Body Rules) the dog may compete in the Stake for which it was entered at the time of the close of entries.

- 46. All wins, placings and certificate awards, made by State, Territory or Overseas Governing Bodies recognised by the Dogs Australia shall count in relation to the eligibility of dogs for any Stake and it shall be incumbent on the Club conducting the Trial to forward within ten (10) days to the Member Body, a marked catalogue with the placings and certificates awarded. **(Amended – effective 01/01/2025)**
- 47. Retrieving Trial Champions are eligible only for Championship and All Age Stakes.
- 48. Trials conducted by affiliates of a Member Body may, with the special permission of the Member Body, be limited to a specific breed or breeds of Gundogs but shall not count for qualification or Championship Points (see Rules 98 and 100).

Required Number of Entries

- 49. No event at any Retrieving Trial up to and including a Restricted Stake shall be conducted unless there are at least four (4) bona fide exhibits and at least two (2) different owners. For an All Age Stake at least four (4) bona fide exhibits and at least four (4) different owners are required.
- 50. **Championship Stake** - a minimum of eight (8) bona fide exhibits and at least six (6) different owners to compete before the event can be recognised as a Championship.
- 51. **National Championship Stake** - a minimum of twelve (12) bona fide exhibits and at least eight (8) different owners to compete before the event can be recognised as a National Championship.

Eligibility/Responsibility of Judges

- 52. (a) No person shall be entitled to judge a Retrieving Stake until they have supplied acceptable credentials to the Member Body and has been placed on a list of approved Judges by the Member Body. **(Amended – effective 01/01/2025)**
 - (b) Applications for listing as an approved Judge must be lodged each year with the Member Body in the State or Territory in which the applicant resides and in accordance with the Rules of such Body.

The Member Body will consider, and where applicable, approve the listing of approved Judges for the ensuing year.
 - (c) Before being eligible to judge at a Restricted Stake, the person must have completed, to the satisfaction of the Member Body, at least two (2) Novice Stake judging appointments.
 - (d) Before being eligible to judge an All Age Stake the person must have completed, to the satisfaction of the Member Body, at least three (3) Restricted Stake judging appointments.
 - (e) Before being eligible to judge Championship Stakes the person must have completed, to the satisfaction of the Member Body, at least four (4) All Age Stake judging appointments.
 - (f) Before being eligible to judge a National Championship Stake that person must have completed, to the satisfaction of the Member Body, at least one (1) State Championship appointment. **(Amended – effective 01/01/2025)**
 - (g) It is a judges responsibility to remain conversant with the current rules and regulations and any changes that have occurred in retrieving trials. **(Amended – effective 01/01/2025).**
- 53. While a dog is in competition, the Judge is not permitted to advise the competing handler where the dog is nor where the item of game is in relation to the dog.
 - 54. Where two (2) or more Judges are co-judging a retrieve, no competing dog shall be put out of a Run until all Judges have conferred and reached agreement.

55. When inviting a Judge to co-Judge at a Trial the Judge must be advised by the affiliate, in writing, the name of the other Judge(s) and the Judging arrangements.
56. Judges are empowered and instructed to withhold any prize or award if, in their opinion, the dogs competing do not show sufficient merit. Before a dog can gain a prize or award, it must complete the Stake in which the prize or award is made.
57. The Judge is empowered to turn out of a Stake any dog whose handler does not obey the Judge or who wilfully interferes with another competitor or his dog.

Duties of Trial Manager, Stake or Run Managers

58.
 - (a) Shall be required to assist the Judge in all duties in connection with the Trial.
 - (b) At the Judge's request shall inspect any dog for sexual causes or any other cause which interferes with the safety or performance of its opponents.
 - (c) Shall assemble and control all dogs and also be responsible to see that all dogs participate without delay in their proper order.
 - (d) May acquaint all competitors with the procedure required by the Judge.
 - (e) In some tests the Judge may consider it necessary to request an additional Steward or Stewards to observe and report as required.

Duties of a Gun Steward

59. Where a Gun Steward has been elected to fire on behalf of a handler, the gun will be fired when the bird is as near as possible to the apex of its flight. Only in the case of a handler being under-age or incapacitated or prevented at law will a Gun Steward be permitted to fire for the handler. When because of a legal or physical disability a person is restricted from carrying a mock gun, that person will not be required to carry anything.

Duties of Game Stewards

60.
 - (a) Shall be responsible to ensure that at the commencement of any Stake all game is in a fair and reasonable condition. In any Retrieve the condition of the game for that retrieve shall be substantially the same for each dog. **(Amended – effective 01/01/2025)**

Internal organs shall not be removed from any game that is to be retrieved during the course of a Trial. One leg may be removed from an item of game, other than rabbit or hare, for the purpose of positively identifying that particular item of game.
 - (b) Shall, in the event of game being cast in a position where a retrieve is impossible or cast in a place substantially different to that directed by the Judge, inform the Judge of such fact.
 - (c) Shall, unless otherwise provided for in these Rules, cast the game only when directed to do so by the Judge.
 - (d) Shall take every possible precaution to ensure that unused game cannot be sighted or scented by a competing dog.
 - (e) The Game Stewards will at all times, endeavour to be hidden from sight of both the handler and dog. The Game and Gun Stewards will refrain from unnecessary movement and the Gun Steward will ensure that the gun is broken at all times when not actually in use. Game to be retrieved must be at least ten (10) metres from the Game Steward.
 - (f) Where possible, no competitor may act as Game Steward in any Run in which they are competing before they have run their dog(s) in that Run.

- (g) The direction to the Game Steward to cast the game shall be given by the Judge. Where applicable, such direction shall be given from a position out of sight of the handler and in a way that does not distract the dog.

General Regulations for Conduct of a Trial

61. The management of a Trial shall be entrusted to the Trial Committee of the Affiliate concerned.
62. Any handler who is unacceptable to the Committee and/or Stewards of the Trial for any reasonable cause shall be excluded from the Trial.
63. All dogs shall be examined by a competent examiner before the commencement of every Trial. Bitches in oestrus shall not be permitted to compete and must not enter the vicinity of the Runs. No preparation for concealing oestrus shall be used.
64. Should two (2) members of the Trial Committee entrusted with the management of the Trial, after consultation with the Judge, consider any dog is unfit to compete by reason of sexual causes or any other causes which interfere with the safety or chance of winning of its opponents, such a dog shall be removed immediately from all competing areas.
65. Dogs are expected to retrieve under all natural working conditions. The Judges and Trial Committee have complete control over the mechanics and requirements of each Stake. This latitude is permitted in order to allow for the difference of conditions in various places. **(Amended – effective 01/01/2025)**
66. All dogs shall be under the control of the Stewards and must be brought on leads to participate without delay in their proper turn. If absent, when called three (3) times, a dog will be debarred by the Stewards from participating in the Stake.
67. No person, other than the Judge and the Stewards, shall be permitted to accompany the handlers of the dogs competing in any Trial unless the permission of the Judge has been previously obtained. Spectators shall not be allowed to encroach on any area designated by the Trial Manager or Judge.
68. The area over which a Stake shall be conducted will be decided by the Trial Committee conducting the Trial and indicated to the Judge by the appointed Trial or Stake Manager. Where possible, two (2) members of the Trial Committee will be made available to assist the Judge. The Judge shall select his/her own Runs. The Committee has the right to intervene only if the selected Runs contravene the Dogs Australia Rules, are logistically unsound or the dogs' safety is in serious question. **(Amended – effective 01/01/2025)**
69. All matters in connection with dogs actually under trial shall be in the hands of the Judge; he may call the Stewards to his assistance if he considers it necessary. The Judge is empowered to turn out of a Stake any dog that fails to retrieve or that does not work to his satisfaction. Where a dog has received a No Score, the Judge will immediately inform the handler of the situation.
70. In each Run of a Stake a dog may be handled by either its owner or a handler approved by the Stewards, but it must be one or the other. When dogs are working, an owner must not interfere with the dog if another person has been deputised to handle it.
71. No owner or handler shall be permitted to withdraw a dog from a Stake at any time during the progress of the Stake, without the consent of the Judge (which will not be unreasonably withheld) and without advising a Steward. Any owner or handler withdrawing a dog or dogs without consent may be debarred from any further Trials or penalised according to the circumstances by the Committee of the Member Body.
72. Anyone taking part in a Trial who openly impugns the actions or decision of the Judge or who is, in the opinion of the Trial Committee, guilty of unsportsmanlike conduct must be cautioned by the Trial Manager or other Trial official and if thereafter he further offends he shall render himself liable to be debarred from further participation in the Trial and may be ordered from the grounds and further dealt with at the discretion of the Member Body.

73. No thermal vest shall be worn and nothing whatever may be administered to a dog while it is in the hands of the Judge.
74. The person handling a dog may speak, whistle, and work it by hand as they deem proper, including using a hand to indicate to the dog which item of game it is to retrieve, but may be called to order by the Judge for making any unnecessary noise or for any disorderly conduct, and if after being cautioned they persist with such noise or disorderly conduct, the Judge may order the dog to be taken up and it then shall be regarded as being disqualified from the Stake.
75. A handler who touches or physically interferes with his dog will be penalised according to the seriousness of the offence.
76. Physical punishment of a dog during a Trial or on the Trial grounds will not be permitted. Any person who physically punishes a dog on the Trial grounds may be ordered from the grounds and further dealt with at the discretion of the Member Body.
77. No handler may proceed beyond the Firing Point into the area of a retrieve without the direction of the Judge; refer also to Rule 8(j).
78. (a) The judge shall give instructions on the conduct of each Run, and these instructions must be obeyed. These instructions must comply with the Rules for the Conduct of Retrieving Trials for Gundogs, including the application of points allocated and deducted therein. The ruling of 'No score' or "elimination" must only be invoked in response to situations where this penalty is specifically stated in the Rules.
- (b) Competing dogs shall be kept in a marshalling area from which they cannot see retrieves in progress.
79. In the event of a tie, a separate run-off shall be arranged by the Trial Committee entrusted with the management of the Trial in co-operation with the Judge. The Judge will select the test. The order in which the contestants will run is to be decided by the toss of a coin.
80. Decisions of the Committee of the affiliate conducting a Trial shall be subject to appeal to the Member Body.

PROCEDURE FOR CONDUCTING TRIALS

81. The Draw is the random selection by ballot of the order in which dogs in a Stake are required to compete in the first Run. In a National or State Championship it is permitted to divide the field into equal sections still allowing for running of the dogs in the drawn order on the first Run. The Draw will be made by the Trial Committee entrusted with the management of the Trial. The subsequent running order, if convenient and practical, after the first run has taken place maybe rotated to ensure fairness to competitors. **(Amended – effective 01/01/2025)**
82. The handler, with dog on lead, shall advance to the Control Point for the purpose of commencing a retrieve. It is important for handlers to know that they are under the control of the Judge from the time they remove the lead and collar from the dog, and any lack of control will be penalised accordingly by the Judge.
83. At the Control Point, after removing the lead and collar, the handler shall place the dog at the "sit", "drop" or "stand" position - and will be handed the gun and approved inserts by the Gun Steward.
84. The dog shall remain in place (at the "sit", "drop" or "stand" position) until on instructions from the judge, the handler, with dog at heel, shall advance to the Firing Point. The dog shall again be placed at the "sit", "drop" or "stand" position. Except in a "Walk-Up Retrieve", and unless otherwise instructed by the Judge, the handler will not close the gun until he reaches the Firing Point.
85. The Game Steward shall when directed by the Judge, cast game in the area and in such a manner as previously directed by the Judge, and from a position out of sight of the handler and in such a way that does not distract the dog.

When UHF radios are used communication between the Judge and the Stewards may take place but in such a way that does not distract the dog or handler. **(Amended – effective 01/01/2025)**.

86. The handler or Gun Steward shall, while the game is in the air and as near as possible to the apex of its flight, aim at the game and fire his gun from the shoulder and in the normal shooting posture. Unless otherwise directed by the Judge, the normal shooting posture will mean the handler or Steward will be standing.
87. After firing at the game, the gun must be broken before or immediately after the dog has been sent to retrieve.
88. The handler must not wave the gun about unnecessarily before or after it has been fired and must carry the gun at all times during a retrieve unless otherwise instructed by the Judge.
89. The handler may order their dog to retrieve the game. Without further instruction from the judge provide that the judge's instructions have been communicated prior to the commencement of the Run. The dog must not be held or forcibly restrained by the handler whilst the dog is in competition. **(Amended – effective 01/01/2025)**
90. The dog shall then proceed to retrieve the game with style and freedom as quickly and efficiently as the terrain permits. The handler shall remain at the Firing Point through the period of the retrieve and shall give all directions to the dog from this point unless otherwise directed by the Judge.
91. The dog shall retrieve the game cleanly and without delay shall return direct to the handler and shall deliver straight to hand in front of the handler from standing or sitting position, and as instructed by the Judge. The dog shall be stationary at delivery.
92. The handler, without stepping towards the dog shall take the game with one hand from the mouth of the dog. It is important that the dog shall deliver tenderly i.e. with a "soft mouth". Where more than one (1) object of game is to be retrieved, the handler must carry all game or place game gently on the ground while waiting for second or more game to be delivered by the dog. When all game has been retrieved the handler shall then move back to the Control Point with the dog at heel and hand over to the Steward, the gun and all game from that retrieve. The handler will then receive lead and collar from the Steward and place it back on the dog.
93. All game must be inspected by the Judge or his authorised delegate immediately the handler completes the Run and the handler must be advised by the Judge of any penalty made for Hard Mouth.
94. The dog should at no time drop the game during a retrieve until ordered to deliver by the handler. Any dog doing so shall be penalised according to the seriousness of the offence. The dog will have completed the retrieve when the game is brought within reach of the handler and an attempt is made to deliver without the handler stepping towards the dog. If the game is dropped during an attempt to deliver within reach of the handler, the penalty is for dropping game.

ALLOCATION OF POINTS

95. The principal points to be considered by the Judge in assessing the merits of performances in competitive work shall be the ability to mark, sagacity, and use of nose, steadiness, dash, perseverance, attention, control, courage, style, retrieving and cleanness of delivery. Retrieving to which supreme importance must always be accorded, should be with tender mouth and right up to hand. The dog must not damage game, retrieve decoys, drop the game, or retrieve without being ordered to do so. Points should be allocated for each retrieve. (See Judging Sheet). **(Amended – effective 01/01/2025)**
96. Judges shall not show their Judging Sheets to unauthorised persons. The sheets must be retained by the Judge. Judging Sheets must be checked and signed by the Judge and Chief Steward and at the conclusion of the Trial and the aggregate points shall be announced for all place awards. As a minimum, at the conclusion of the presentation of trophies, the Run by Run scores of all dogs completing the Trial shall be made available.

Should any competitor failing to complete the Trial request details of how he/she was scored on any Run, the Judge shall make this information available to that competitor. The Judge may, at his/her discretion, show a competitor his/her Judging Sheet.

97. Dogs Australia Retrieving and Field Trial Points Certificates must be issued as follows:
- (a) **National Championship Stake** – First place will be awarded eighteen (18) points, Second place twelve (12) points and Third place six (6) points.
 - (b) **Championship Stake** – First place will be awarded twelve (12) points, second place six (6) points.
 - (c) **All Age Stakes** – First place will be awarded six (6) points.
(Amended – effective 01/01/2025)

AWARDS

98. On completion of the Trial the Judge shall complete and sign a Judge's Certificate or official catalogue of the event indicating:
- a. Placegetters. Only dogs worthy of the award of Championship points may be shown as first, second or third placegetters in Stakes carrying Championship points.
 - b. Awards of Certificates of Merit, Diploma of Merit and Qualifying Certificates (if any).
 - c. Place cards must be issued for all Stakes
(Amended – effective 01/01/2025)
99. No points will be allotted towards Championship status unless the Trial is open to all recognised breeds of Gundogs.
100. No Certificates, other than those of the Member Body, shall be awarded at Retrieving Trials held under the Rules of the Member Body. All awards must be issued on official Dogs Australia Certificates.
(Amended – effective 01/01/2025)
101. Wins and places in Stakes limited to a specific breed or breeds of Gundogs shall count only in such Stakes, but wins and places in Stakes open to all Gundogs shall count in both.
102. Every competing dog must be shot over before it can gain a prize, Certificate of Merit, Diploma of Merit, or Qualifying Certificate, and must satisfy the Judge that it is not gun-shy. These certificates may only be awarded to dogs in actual competition.
103. Wins and other qualifications shall count as from and including the date they are gained. Only the highest retrieving title or qualification awarded to the dog will be used with the dog's registered name after application to and approval from the Member Body. The Dogs Australia database will be updated accordingly. The exception is for dogs that have both the titles National Retrieving Champion and Grand Retrieving Champion. They shall be Gr. Rt. Ch. Ntl. Rt. Ch. (plus the years if the dog has won more than one National). Only Championship titles go before the dog's registered name. **(Amended – effective 01/01/2025)**
104. The dogs will be placed First, Second or Third in the prize list by the Judge in consecutive order of merit and such placings shall there upon become the awards, subject to the qualification that the Judge must certify that such dogs are worthy of occupying that position. **(Amended – effective 01/01/2025)**
105. **A Certificate of Merit** is not a prize, but may be awarded at the discretion of the Judge to dogs in All Age Stakes, provided the competitors have completed the stake and, in the opinion of the Judge, have acquitted themselves with exceptional merit in all runs. The letters "CM" may be added after the registered name of the dog. A Certificate of Merit carries no Championship points. **(Amended – effective 01/01/2025)**

106. **A Diploma of Merit** is not a prize, but may be awarded at the discretion of the Judge to dogs in Championship and National Championship Stakes, provided competitors have completed the stake and, in the opinion of the Judge, have acquitted themselves with exceptional merit in all runs. The letters "DM" may be added after the registered name of the dog. A Diploma of Merit carries no Championship points.
107. (a) **Qualifying Novice Dog (QND)** may be awarded to any dog that has completed five (5) Novice Stakes to the Judge's satisfaction, (and awarded by at least two different judges) having shown that they are steady to shot, under reasonable control and not "hard-mouthed" nor gun shy under at least two different judges. The records required to apply for a Qualifying Novice Dog title are the responsibility of the owner/handler. **(Amended – effective 01/01/2025)**
- (b) **Qualifying Restricted Dog (QRD)** may be awarded to any dog that has completed seven (7) Restricted Stakes to the Judge's satisfaction having shown that they are steady to shot, under reasonable control and not "hard-mouthed" nor gun shy under at least two different judges. The records required to apply for a Qualifying Restricted Dog title are the responsibility of the owner/handler. **(Amended – effective 01/01/2025)**
108. (a) The title of **Novice Retrieving Dog (NRD)** and/or **Restricted Retrieving Dog (RRD)** may be awarded to those dogs that have had three wins in those Stakes or those that are no longer eligible to compete in those Stakes because of wins in those Stakes or wins/placings in higher Stakes. **(Amended – effective 01/01/2025)**
- (b) The title of **All Age Retrieving Dog (AARD)** may be awarded to those dogs that have completed ten (10) All Age Stakes judged by at least three different Judges. Once a dog has been granted title of AARD it can only compete in All Age or Championship Stakes. **(Amended – effective 01/01/2025)**
109. The title of **Retrieving Trial Champion** may be awarded to a dog that has gained at least twelve (12) Championship Points in Retrieving Trials including a minimum these may be awarded in any combination of points awarded in accordance with Rule 96.
- The title of **Retrieving Trial Champion – Artificial Game (R.T.CH) (AG)** may be awarded to a dog that has gained at least twelve (12) Championship Points in Retrieving Trials awarded in Stakes conducted on artificial game; these may be awarded in any combination of points awarded in accordance with Rule 96.
- The title of **Retrieving Trial Champion (Rt Ch)** may be awarded to a dog that has gained at least twelve (12) Championship Points in Retrieving Trials including a minimum of 6 points awarded in Stakes conducted on 'game'; these may be awarded in any combination of points awarded in accordance with Rule 96. **(Amended – effective 01/01/2025)**
110. A dog which has won a National Championship Retrieving Trial may be awarded the title of **National Retrieving Trial Champion** (Nat Rt Ch. A dog which has won more than one National Championship Retrieving Trial shall have the year(s) of those wins included after the title. **(Amended – effective 01/01/2025)**
111. On application the Member Body may at its discretion grant the title of **Dual Champion**. Dogs awarded two Champion titles one of which must be a Conformation Champion and the other in any of the other DOGS AUSTRALIA recognised disciplines shall be granted the title of "Dual Champion" and the title shall appear before the name of the dog and with other disciplines indicated in brackets

Example

Field Trial Champion (F)
Retrieving Trial Champion (RT)
Obedience Trial Champion (O)

Such dual titles must be indexed as:

Dual CH (F)
Dual CH (RT)
Dual CH (O)

On application the Member Body may at its discretion grant the title **Triple Champion**. Dogs awarded three Champion titles one of which must be a Conformation Champion and the others in any of the other DOGS AUSTRALIA recognised disciplines shall be granted the title of "Triple Champion" and the title shall appear before the name of the dog and with other disciplines indicated in brackets

Example

Field Trial Champion (F)
Retrieving Trial Champion (RT)
Obedience Trial Champion (O)

Such triple titles must be indexed as:

Triple CH (F)(RT)
Triple CH (RT)(O)
Triple CH (O)(F)
Triple CH(RT)(F)

(Amended – effective 01/01/2025)

112. The title of **Grand Retrieving Trial Champion** (Gr Rt Ch) may be awarded to any dog that is awarded at total of 120 Championship points, of which not less than twelve (12) have been awarded in Championship Stakes. **(Amended – effective 01/01/2025)**
113. A **Qualifying Certificate (QC)** is not a prize or a title, but may be awarded at the discretion of the Judge in any Stake, consisting of at least three (3) retrieves, to dogs that have completed the Stake, to the Judge's satisfaction, having shown that they are under reasonable control and not "hard-mouthed", nor gun shy. A Qualifying Certificate may be awarded to a dog only once. **(Amended – effective 01/01/2025)**

NATIONAL RETRIEVING TRIALS
(Amended 10/15, 6.17.1)

The Member Bodies have agreed that the National Retrieving Trial will be conducted on the 37th weekend of the year. Also, weekend 36 would automatically be allocated to the host State for its State Championship.

Requests by States for dispensation from using these weekends would be considered by the National Retrieving & Field Trial Events Working Party.

RETRIEVING TRIAL JUDGING SHEET

Name of Club _____

LAND/WATER Type Venue Stake Date

Competitor No. _____

Retrieve No. _____ Breed _____

MAX
Points

Points shall be allocated for each Retrieve on the following basis:											
Steadiness, obedience and walking to heel. 10											
Style, eagerness and action 10											
Retrieving 45											
Total 65											
Less Deductions (if any)											
Net Total											
Points may be deducted for each Retrieve on the following basis:											
Breaking to Shot Up to 10											
Blinking and over-running game Up to 5											
Pottering Up to 5											
Giving tongue Up to 5											
Dropping game Up to 5											
Hard mouth Up to 10											
Failure to obey command and direction Up to 10											
Not firing from shoulder at game and/or Handler moving outside of Firing Point and/or Breaking from the Hide Up to 5 each offence											
Total Deductions											

Points for deduction are to be applied to points allocated.
 Failure to complete retrieve: No score.
 In multiple retrieves where the dog switches game: No score.
 Extreme Hard mouth: No Score.

Judge

APPENDIX A: ARTIFICIAL GAME RETRIEVING TRIALS FOR GUNDOGS.
(Added 13/02/25, Effective 01/04/2025)

Artificial Game may be used by a club within the following strict guidelines:-

- **No blending of traditional (cold) game and Artificial game on any run excluding diversionary items**
- **A club may choose to run all stakes on Artificial game including diversionary items**
- **The 'Artificial game' retrieving trial must be advertised accordingly**
- **Artificial game must be provided by the club**
- **A retrieving trial schedule and advertisement must indicate if Artificial game will be used.**

1. An Artificial Game Trial is an event at which competitions for registered Gundogs are conducted, both on land and in or through water to determine their relative merits in the field under conditions which emulate as closely as possible those which would be found whilst hunting, but at the same time bring the work of each dog within an ambit of equality where assessment may be fairly made.
2. The function of the dog is to seek and locate fallen game, when ordered to do so. It should sit quietly with the handler or in the hide, walk at heel, or assume any station designated by the handler, until sent to retrieve. When ordered a dog should quickly and briskly without unduly disturbing too much ground. It should deliver to hand and then await further orders from the handler.
3. Accurate marking or memory of falls is of paramount importance. However, this does not imply that dogs that excel in marking should not be penalised for other faults. Ability to mark does not necessarily imply pinpointing the fall. A dog that misses the fall on the cast but recognises the depth of the area of the fall, stays in it, and quickly and systematically hunts it out has done a creditable and intelligent job of marking.
4. A dog that marks the fall of a bird, uses the wind and takes direction from its handler is of great value.
5. Directives of a Member Body shall apply to Artificial Game Trials in their State/Territory and to any affiliate conducting Artificial Game Trials.
6. Retrieving Trials will be conducted and facilitated in accordance with:
 - (a) The Rules and Regulations of each State or Territory Body as approved by the DOGS AUSTRALIA Ltd, and
 - (b) The relevant legislation applicable to Animal Welfare, Firearms and Game where the trial is held.

Definitions and Terms

7.
 - a. **Action and Style** - These are both seen in a fearless, well-trained dog working with purpose, enthusiasm and good free movement.
 - b. **Associate Gundog** – a variety accepted by a Member Body as a Gundog
 - c. **Blinking** - Any dog that finds or is seen to acknowledge the presence of game but deliberately passes by the game is "Blinking Game".
 - d. **Breaking Fence** – Is the act on the part of a dog, when walking to heel, of going through, over or under a fence, without order. A dog should remain steady at both sides of a fence through or over which its handler is crossing.

- e. **Breaking from the Hide** - A dog will be deemed to have broken from the hide if it moves outside the area designated by the Judge as the Hide. Any movement by the dog within the area of the Hide shall be classed as unsteadiness only.
- f. **Breaking to Shot** - If a dog makes a forward movement which in the opinion of the Judge indicates a deliberate attempt to leave without being ordered to do so, that dog shall be deemed to have broken. If a dog makes a slight break and is brought immediately under control it shall be penalised for unsteadiness.
- g. **Control Area** - is that area encompassed by the Control Point markers and the Firing Point markers. terrain permitting the distance between the Control Point and the Firing Point shall not be less than 10 metres.
- h. **Control Point** - is the point at which a dog and handler come under the control of the Judge for the purpose of commencing a Run. This point shall be between the two markers set in position by direction of the Judge.
- i. **Dog** – shall be taken to mean a Gundog of either sex.
- j. **Drop or Down or Sit** - Drop or Down or Sit – A well trained dog should stop on command. A dog may sit, stand or drop in position, but must not move from that position until ordered
- k. **Firing Point** - is the point from which the handler will fire a gun and direct the dog to retrieve. The distance between the two marker pegs at the Firing Point shall be not less than 2 metres. A handler moving outside the Firing Point to handle their dog may be penalised as defined on the Judging Sheet.
- l. **Game (Definition of)** – Commercially available Artificial game
- m. **Game Sense** – Some dogs very apparently use a lot of sense in locating game; These dogs have 'game sense'.
- n. **Giving Tongue** - A dog is deemed to be "giving tongue" when in the opinion of the Judge the dog barks or emits other significant noise whilst being adjudicated.
- o. **Dog** – shall be taken to mean a registered gundog of a variety accepted by a Member Body as a dog
- p. **Gun Shy** - A dog which recoils from the sight or sound of the gun is deemed to be "gun shy" and should be penalized according to the seriousness of the fault.
- q. **Hide** - An area clearly defined by the Judge in which to leave the dog. Where possible it is recommended that the Hide be part of the natural terrain or be constructed of natural materials.
- r. **In Line Game** - Items of game shall be considered to be "in line" if the lines to these items of game are separated by less than 10 metres at a distance of 50 metres from the Firing Point: less than 20 metres at a distance of 100 metres from the Firing Point and less than 30 metres at a distance of 150 metres from the Firing Point
- s. **Member Body** - Means the Member Body of the Australian National Kennel Council Ltd which controls the canine activity in the State or Territory in which the fixture is being conducted.
- t. **No Score** - Where a dog has been marked "No Score", the dog may continue in the Stake at the discretion of the Judge but is to be considered as a non-competing dog. In subsequent Runs they must be run after competing dogs.
- u. **Obedience** - Prompt compliance with all commands. Dogs should act readily and not cower or cringe at their handler's signs, sounds or commands.
- v. **Pottering** - A dog that hunts around in a confined space covering ground that it has already worked, or one that lingers on an old scent, leaves it and then comes back to it is "pottering".

- w. **Working (Retrieving)** - Working covers the performance of the dog from when ordered to retrieve until it delivers the game to its handler
- x. **Run** - This term collectively describes those activities that occur between the time the competitor comes under the control of the Judge and when the competitor ceases to be under the control of the Judge. A competitor comes under the control of the Judge at the Control Point when the lead is removed from the dog and ceases to be under the control of the Judge when the handler returns to the Control Point and places the lead back on the dog. See also Procedures for Conducting Trials, Clauses 79 through 92 inclusive.
- y. **Walking to Heel** - Dog's head to be close to the side of heel or immediately behind the heel of the handler.
- z. A bona fide exhibit is an exhibit where the dog is presented to the judge for competition and cannot be withdrawn except in accordance with Rule 69.

Retrieves

- 8. **Single Mark Retrieve** A Single Mark Retrieve is a retrieve where only one object of game is cast and is to be retrieved, and as further defined in Rule 27.
- 9. **A Walk-Up Retrieve** is one where the dog is walking at heel, the game is cast and shot at. Immediately the handler pauses to fire, the dog shall sit, drop or stand steady until directed by its handler to move. A walk-Up retrieve is not permitted in a Novice Stake or Beginners' Test.
- 10. **Bolting Rabbit (Artificial)**
 - (a) This will be when a rabbit leaves an area (Squat) and moved away quickly for a distance. The rabbit will be clearly visible to the dog for the majority of the travel of the Rabbit and will not be more that 60 meters from the dog.
 - (b) The dog if ordered to do so will then retrieve a artificial rabbit left in its stead.
- 11. **Blind Retrieve** shall be a retrieve where a dog is in such a position that the flight, fall or placement of the game cannot be seen. The Judge may direct the dog to be placed behind a Hide in close proximity to the Firing Point. Where possible it is recommended that the Hide be part of the natural terrain or be constructed of natural materials.
- 12. **A Double Mark Retrieve** shall consist of two (2) Mark Retrieves and may include land and water. Except where two items of game are cast to fall within 20 metres of each other the items of game shall not be cast simultaneously and there shall be a reasonable delay between the casts.
- 13. **Double-Blind Retrieve.** Two items of game will be separately located and the Retrieve conducted as for a Blind Retrieve.
- 14. **A Double Rise Retrieve.** A Double Rise Retrieve shall consist of a retrieve where one item of game is cast as for a Mark Retrieve at which two shots are fired in succession and before the dog is sent to retrieve. While the dog is returning with the first item of game, a second item of game is cast or placed no further than ten (10) metres from the fall of the first item of game, but at a greater distance from the Firing Point. The second item of game shall be retrieved immediately after the first item of game is delivered to hand. On the second leg, a handler may cue the dog using hand and voice to return to the area of fall of the first item of game. Having sent the dog for the second item of game, the retrieve should not be treated as a Blind Retrieve.
- 15. **A Two-Bird Retrieve.** The first item of game shall be cast as for a Mark Retrieve, or alternatively, it may be cast or placed as for a Blind Retrieve. In accordance with instructions from the Judge, the dog shall be sent to recover this item of game. While dog is returning to the handler with the first item of game, second item of game shall be cast so that the dog may mark or hear its fall. The second item of game must be cast

to land not less than twenty metres from the line to the first item of game and should be at least twenty metres from the first item of game.

16. **Double Fall Retrieve.** The first item of game is cast as a Mark Retrieve and at which one shot is fired. While the dog is on the way out to retrieve the first item of game, a second game is cast and a shot fired so the dog may mark or hear the fall of this item of game. The first item of game must be retrieved before the second item of game. The second item of game must be cast to land not less than twenty metres from the line to the first item of game and not less than forty metres from the Firing Point. This retrieve is limited to All Age.
17. **A Mark and Blind Retrieve** shall consist of one Mark Retrieve and one Blind Retrieve.
18. **(a) A Triple Mark Retrieve** shall consist of three separate Mark retrieves. The items of game may be cast at different angles and, may include land and water and must be separated in accordance with the specification in Rule 8 (r). One retrieve must be at a short distance. There must be a reasonable delay between casts.
(b) A Triple Blind Retrieve shall consist of three separate blind retrieves. The items of game may be cast at different angles and may include land and water and must be separated in accordance with the specification in Rule 8 (r). One retrieve must be at a short distance.
19. **A Triple Retrieve with two Blinds and one Mark** shall consist of a Double Blind Retrieve and a Single Mark Retrieve.
20. **A Triple Retrieve with two Marks and one Blind** shall consist of a Double Mark Retrieve and a Blind Retrieve.
21. **Through or Amongst Decoy Retrieves.** No less than six decoys, constructed of plastic or wood, shall be used. The decoys must be pegged individually and must be 'non-motion' decoys. Any dog that picks up a decoy and does not immediately release it without command shall be marked with No Score. **All decoys shall be silhouettes.**
22. In multiple Retrieves the Judge may stipulate the order in which items of game shall be retrieved. Any reasonable combination of the listed Retrieves shall be permissible, provided that a dog shall not be required to pick up more than three (3) items of game in any Run.
23. In Line Retrieves. The Judge shall not specify the order of pick-up, and that decision shall be left to the handler's discretion. See Rule 8 (r) for the definition of 'In Line Game'
The Judge shall not specify the order of pick-up if items of game are deemed to be "In Line" and that decision shall be left to the handler's discretion.
24. **Diversionsary Game** In All Age and, a Judge may order that one (1) additional item of game be placed or cast as a diversion and this item of game shall not be retrieved by the competing dog. An item of game used as a diversion shall not be located either "in line" with or less than 20m from an item of game that is to be retrieved. See Rule 8 (r) for the definition of "in line".
25. **Wrong Game**
While in competition, if a dog picks up an item of game used in connection with the Run, other than the nominated item of game, it shall be eliminated from further competition.
26. **Mark Retrieves** are retrieves where a dog is in such a position at the firing point to be able to see a bird in the air and as it falls and where possible the cast bird should break open skyline when viewed by the dog. A dog on a Mark Retrieve should not need direction from the handler once the dog has been sent for the Retrieve. On Mark Retrieves, where more than one bird is to be retrieved, the order may be specified by the Judge. The handler is permitted to indicate clearly to the dog by hand and/or by voice which bird it is being sent for. Further handling once the dog has left the handler's side will be penalised accordingly.
27. **Blind Retrieves**, where possible, the course should be planned in such a way that advantage is taken of natural hazards. It should be possible, at least in theory for a well trained dog should be able to find a well planned Blind Retrieve on the initial line from its handler. It should be planned so that the dog should be in sight at least until directed into the area of the fall, as a Blind Retrieve can be a test of control a dog that is out of sight for a considerable period of time cannot be said to be under control. A dog that holds the

initial line provided by the handler all the way to the bird has demonstrated ultimate control. If further handling is required then points should be deducted based on where they are given and whether they are obeyed

28. Programmes should be so arranged that all dogs are thoroughly tested on land and in or through water of sufficient depth to require the dog to swim.
29. **Retrieve Distances** - The maximum distance for any Mark retrieve will be 130 metres. The maximum distance for a Blind retrieve will be 150 metres. In Novice Stakes and Beginners Stakes runs shall not exceed 100 metres
30. **Consecutive Runs** No more than two (2) Runs judged by the same Judge may be linked consecutively before each competitor leaves the Control Area. No more than four (4) items of game may be retrieved in total.
31. **Relocation Retrieves** - Where a dog is moved from an original Firing Point, the relocation must not be more than twenty (20) metres. The relocated Firing Point should not unduly disadvantage the dog or handler and the area of fall must remain able to be observed by both dog and handler from the new Firing Point. Relocated retrieves are permitted when they enable better sighted retrieves to be included in the Run

Artificial Game Trials and Test Eligibility

32. The age of a dog shall be computed from its date of birth to the date on which the Trial commences. All events shall be restricted to dogs six months of age and over.
33. Registered (Main and Limited) Gundogs shall be permitted to compete in Retrieving Trials in all States and/or Territories of Australia.

Associate Registered Gundogs who have achieved an Open Retrieving Ability (ORA) title shall be permitted to compete in Retrieving Trials up to and including Restricted Stakes
34. A trial committee may elect to conduct any trial using cold or artificial game but not a mix of the two. The same types of cold game or Artificial game must be used for each dog completing the retrieves comprising a Stake
35. A **Stake** is a competition held at a Retrieving Trial and shall consist of not less than three (3) Runs, except for a Beginners' Test, which shall consist of two (2) Runs. There shall not be more than 4 Runs in a Novice Stake. A trial committee may elect to conduct any Stake using 'game' or artificial game' but not a mix of the two. The same types of 'game' or 'artificial game' must be used for each dog completing the retrieves comprising a stake.
36. **Beginners' Tests** are confined to Gundogs that have not, won a Beginners Test, or placed in any other Stake. A Beginners Test shall consist of two (2) Runs each of which is a Single Mark Retrieve, one (1) on land and one (1) in or through water. A Walk-up Retrieve is not permitted in a Beginners Test.
37. **Novice Stakes** are confined to Gundogs that have not won five (5) Novice Stakes or any other Stake (Beginners' Tests are excluded) or have gained Championship Points and/or been awarded an AARD (cold or artificial game) title. The only form of retrieve in a Novice Stake is a Single Mark Retrieve. A "Walk-Up" is not permitted in a Novice Stake
38. **Restricted Stakes** are confined to Dogs that have not won five (5) Restricted Stakes or been awarded an AARD (cold or artificial game) title. At least one Blind Retrieve shall be included in a Restricted Stake. A Blind Retrieve should preferably be picked up after, rather than before, a Mark Retrieve, Double Rise

Retrieve or a Two-Bird Retrieve. Where a Blind Retrieve is to be retrieved first, the angle of separation between the Blind and other items of game shall be at least 60 degrees.

39. **All Age Stakes** are confined to Dogs that have won a Novice or have been placed first, second or third in a Restricted Stake. A Blind Retrieve must be included, with the dog tested for steadiness in a Hide at least once.
40. A dog that becomes ineligible for a Stake by virtue of a win after the close of entries may be elevated into the next highest Stake at the Trial at which it is entered providing the entry fee is adjusted accordingly and /or necessary. Alternatively (Subject to complying with Member Body Rules) the dog may compete in the Stake for which it was entered at the time of the close of entries.
41. All wins, placings and certificate awards, made by State, Territory or Overseas Governing Bodies recognised by Dogs Australia shall count in relation to the eligibility of dogs for any Stake and it shall be incumbent on the Club conducting the Trial to forward within ten (10) days to the Member Body, a marked catalogue with the placings and certificates awarded.
42. Trials conducted by affiliates of a Member Body may, with the special permission of the Member Body, be limited to a specific breed or breeds of Dogs

Required Number of Entries

43. No event at any Artificial Game Trial up to and including a Restricted Stake shall be conducted unless there are at least four (4) bona fide exhibits and at least two (2) different owners. For an All Age Stake at least four (4) bona fide exhibits and at least four (4) different owners are required.

Eligibility/Responsibility of Judges

44. (a) No person shall be entitled to judge a Retrieving Stake until he/she has supplied acceptable credentials to the Member Body and has been placed on a list of approved Judges by the Member Body
(b) Applications for listing as an approved Judge must be lodged each year with the Member Body in the State or Territory in which the applicant resides and in accordance with the Rules of such Body.
The Member Body will consider, and where applicable, approve the listing of approved Judges for the ensuing year.
(c) Before being eligible to judge at a Restricted Stake, the person must have completed, to the satisfaction of the Member Body, at least two (2) Novice Stake judging appointments.
(d) Before being eligible to judge an All Age Stake the person must have completed, to the satisfaction of the Member Body, at least three (3) Restricted Stake judging appointments.
(e) It is a judge's responsibility to remain conversant with the current rules and regulations and any changes that have occurred in retrieving trials rules.
45. While a dog is in competition, the Judge is not permitted to advise the competing handler where the dog is nor where the item of game is in relation to the dog.
46. Where two (2) or more Judges are co-judging a retrieve, no competing dog shall be put out of a Run until all Judges have conferred and reached agreement.
47. When inviting a Judge to co-Judge at a Trial the Judge must be advised by the affiliate, in writing, the name of the other Judge(s) and the Judging arrangements.
48. Judges are empowered and instructed to withhold any prize or award if, in their opinion, the dogs competing do not show sufficient merit. Before a dog can gain a prize or award, it must complete the Stake in which the prize or award is made.

49. The Judge is empowered to turn out of a Stake any dog whose handler does not obey the Judge or who wilfully interferes with another competitor or his dog.

Duties of Trial Manager and Stake or Run Managers

- 50.
- a. Shall be required to assist the Judge in all duties in connection with the Trial
 - b. At the Judge's request shall inspect any dog for sexual causes or any other cause which interferes with the safety or performance of its opponents.
 - c. Shall assemble and control all dogs and also be responsible to see that all dogs participate without delay in their proper order.
 - d. May acquaint all competitors with the procedure required by the Judge.
 - e. In some tests the Judge may consider it necessary to request an additional Steward or Stewards to observe and report as required.

Duties of a Gun Steward

51. Where a Gun Steward has been elected to fire on behalf of a handler, the gun will be fired when the bird is as near as possible to the apex of its flight. Only in the case of a handler being under-age or incapacitated or prevented at law will a Gun Steward be permitted to fire for the handler. When because of a legal or physical disability a person is restricted from carrying a mock gun, that person will not be required to carry anything.

Duties of Game Stewards

- 52.
- a. In any Artificial Game trial the condition of the game for that retrieve shall be substantially the same for each dog.
 - b. Shall, in the event of game being cast in a position where a retrieve is impossible or cast in a place substantially different to that directed by the Judge, inform the Judge of such fact.
 - c. Shall, unless otherwise provided for in these Rules, cast the game only when directed to do so by the Judge.
 - d. Shall take every possible precaution to ensure that unused game cannot be sighted or scented by a competing dog.
 - e. The Game Stewards will at all times, endeavour to be hidden from sight of both the handler and dog. The Game and Gun Stewards will refrain from unnecessary movement and the Gun Steward will ensure that the gun is broken at all times when not actually in use. Game to be retrieved must be at least ten (10) metres from the Game Steward.
 - f. Where possible, no competitor may act as Game Steward in any Run in which they are competing before they have run their dog(s) in that Run.
 - g. The direction to the Game Steward to cast the game shall be given by the Judge. Where applicable, such direction shall be given from a position out of sight of the handler and in a way that does not distract the dog.

General Regulations for Conduct of a Trial

53. The management of a Trial shall be entrusted to the Trial Committee of the Affiliate concerned.

54. Any handler who is unacceptable to the Committee and/or Stewards of the Trial for any reasonable cause shall be excluded from the Trial.
55. All dogs shall be examined by a competent examiner before the commencement of every Trial. Bitches in oestrus shall not be permitted to compete and must not enter the vicinity of the Runs. No preparation for concealing oestrus shall be used.
56. Should two (2) members of the Trial Committee entrusted with the management of the Trial, after consultation with the Judge, consider any dog is unfit to compete by reason of sexual causes or any other causes which interfere with the safety or chance of winning of its opponents, such a dog shall be removed immediately from all competing areas.
57. Dogs are expected to retrieve under all natural working conditions. The Judges and Trial Committee have complete control over the mechanics and requirements of each-Stake. This latitude is permitted in order to allow for the difference of conditions in various places.
58. All dogs shall be under the control of the Stewards and must be brought on leads to participate without delay in their proper turn. If absent, when called three (3) times, a dog will be debarred by the Stewards from participating in the Stake.
59. No person, other than the Judge and the Stewards, shall be permitted to accompany the handlers of the dogs competing in any Trial unless the permission of the Judge has been previously obtained. Spectators shall not be allowed to encroach on any area designated by the Trial Manager or Judge.
60. The area over which a Stake shall be conducted will be decided by the Trial Committee conducting the Trial and indicated to the Judge by the appointed Trial or Stake Manager). Where possible, two (2) members of the Trial Committee will be made available to assist the Judge. The Judge shall select his/her own Runs. The Committee has the right to intervene only if the selected Runs contravene the Dogs Australia Rules, are logistically unsound or the dogs' safety is in serious question.
61. All matters in connection with dogs actually under trial shall be in the hands of the Judge; he may call the Stewards to his assistance if he considers it necessary. The Judge is empowered to turn out of a Stake any dog that fails to retrieve or that does not work to his satisfaction. Where a dog has received a No Score, the Judge will immediately inform the handler of the situation.
62. In each Run of a Stake a dog may be handled by either its owner or a handler approved by the Stewards, but it must be one or the other. When dogs are working, an owner must not interfere with the dog if another person has been deputised to handle it.
63. No owner or handler shall be permitted to withdraw a dog from a Stake at any time during the progress of the Stake, without the consent of the Judge (which will not be unreasonably withheld) and without advising a Steward. Any owner or handler withdrawing a dog or dogs without consent may be debarred from any further Trials or penalised according to the circumstances by the Committee of the Member Body.
64. Anyone taking part in a Trial who openly impugns the actions or decision of the Judge or who is, in the opinion of the Trial Committee, guilty of unsportsmanlike conduct must be cautioned by the Trial Manager or other Trial official and if thereafter he further offends he shall render himself liable to be debarred from further participation in the Trial and may be ordered from the grounds and further dealt with at the discretion of the Member Body.
65. No thermal vest shall be worn and nothing whatever may be administered to a dog while it is in the hands of the Judge.
66. The person handling a dog may speak, whistle, and work it by hand as they deem proper, including using a hand to indicate to the dog which item of game it is to retrieve, but may be called to order by the Judge for making any unnecessary noise or for any disorderly conduct, and if after being cautioned they persist with such noise or disorderly conduct, the Judge may order the dog to be taken up and it then shall be regarded as being disqualified from the Stake.

67. A handler who touches or physically interferes with his dog will be penalised according to the seriousness of the offence.
68. Physical punishment of a dog during a Trial or on the Trial grounds will not be permitted. Any person who physically punishes a dog on the Trial grounds may be ordered from the grounds and further dealt with at the discretion of the Member Body.
69. No handler may proceed beyond the Firing Point into the area of a retrieve without the direction of the Judge; refer also to Rule 8(j).
70. The judge shall give instructions on the conduct of each Run, and these instructions must be obeyed.
 - a) These instructions must comply with the Rules for the Conduct of Artificial Game Trials for Dogs, including the application of points allocated and deducted therein. The ruling of 'No score' or "elimination" must only be invoked in response to situations where this penalty is specifically stated in the Rules.
 - b) Competing dogs shall be kept in a marshalling area from which they cannot see retrieves in progress.
71. In the event of a tie, a separate run-off shall be arranged by the Trial Committee entrusted with the management of the Trial in co-operation with the Judge. The Judge will select the test. The order in which the contestants will run is to be decided by the toss of a coin.
72. Decisions of the Committee of the affiliate conducting a Trial shall be subject to appeal to the Member Body.

PROCEDURE FOR CONDUCTING TRIALS

73. The Draw is the random selection by ballot of the order in which dogs in a Stake are required to compete in the first Run. In a National or State Championship it is permitted to divide the field into equal sections still allowing for running of the dogs in the drawn order on the first Run. The Draw will be made by the Trial Committee entrusted with the management of the Trial. The subsequent running order, if convenient and practical, after the first run has taken place may be rotated to ensure fairness to competitors
74. The handler, with dog on lead, shall advance to the Control Point for the purpose of commencing a retrieve. It is important for handlers to know that they are under the control of the Judge from the time they remove the lead and collar from the dog, and any lack of control will be penalised accordingly by the Judge.
75. At the Control Point, after removing the lead and collar, the handler shall place the dog at the "sit", "drop" or "stand" position - and will be handed the gun and approved inserts by the Gun Steward.
76. The dog shall remain in place (at the "sit", "drop" or "stand" position) until on instructions from the judge, the handler, with dog at heel, shall advance to the Firing Point. The dog shall again be placed at the "sit", "drop" or "stand" position. Except in a "Walk-Up Retrieve", and unless otherwise instructed by the Judge, the handler will not close the gun until he reaches the Firing Point.
77. The Game Steward shall, when directed by the Judge, cast game in the area and in such a manner as previously directed by the Judge, and from a position out of sight of the handler and in such a way that does not distract the dog.

When UHF radios are used, communication between the Judge and the Stewards may take place but in such a way that does not distract the dog or handler.
78. The handler or Gun Steward shall, while the game is in the air and as near as possible to the apex of its flight, aim at the game and fire his gun from the shoulder and in the normal shooting posture. Unless otherwise directed by the Judge, the normal shooting posture will mean the handler or Steward will be standing.
79. After firing at the game, the gun must be broken before or immediately after the dog has been sent to retrieve.

80. The handler must not wave the gun about unnecessarily before or after it has been fired and must carry the gun at all times during a retrieve unless otherwise instructed by the Judge.
81. The handler may order their dog to retrieve the game without further instruction from the judge provided that the judge's instructions have been communicated prior to the commencement of the run. The dog must not be held or forcibly restrained by the handler whilst the dog is in competition.
82. The dog shall then proceed to retrieve the game with style and freedom as quickly and efficiently as the terrain permits. The handler shall remain at the Firing Point through the period of the retrieve and shall give all directions to the dog from this point unless otherwise directed by the Judge.
83. The dog shall retrieve the game cleanly and without delay shall return direct to the handler and shall deliver straight to hand in front of the handler from standing or sitting position, and as instructed by the Judge. The dog shall be stationary at delivery.
84. The handler, without stepping towards the dog shall take the game with one hand from the mouth of the dog. It is important that the dog shall deliver tenderly i.e. with a "soft mouth". Where more than one (1) object of game is to be retrieved, the handler must carry all game or place game gently on the ground while waiting for second or more game to be delivered by the dog. When all game has been retrieved the handler shall then move back to the Control Point with the dog at heel and hand over to the Steward, the gun and all game from that retrieve. The handler will then receive lead and collar from the Steward and place it back on the dog.
85. The dog should at no time drop the game during a retrieve until ordered to deliver by the handler. Any dog doing so shall be penalised according to the seriousness of the offence. The dog will have completed the retrieve when the game is brought within reach of the handler and an attempt is made to deliver without the handler stepping towards the dog. If the game is dropped during an attempt to deliver within reach of the handler, the penalty is for dropping game.

ALLOCATION OF POINTS

86. The principal points to be considered by the Judge in assessing the merits of performances in competitive work shall be the ability to mark, sagacity, and use of nose, steadiness, dash, perseverance, attention, control, courage, style, retrieving and cleanness of delivery. Retrieving to which supreme importance must always be accorded, should be with tender mouth and right up to hand. The dog must not damage game, retrieve decoys, drop the game, or retrieve without being ordered to do so. Points should be allocated for each retrieve. (See Judging Sheet.)
87. Judges shall not show their Judging Sheets to unauthorised persons. The sheets must be retained by the Judge. Judging Sheets must be checked and signed by the Judge and Chief Steward and at the conclusion of the Trial and the aggregate points shall be announced for all place awards.
As a minimum, at the conclusion of the presentation of trophies, the Run-by-Run scores of dogs completing the Trial shall be made available.
Should any competitor failing to complete the Trial request details of how he/she was scored on any Run, the Judge shall make this information available to that competitor. The Judge may, at his/her discretion, show a competitor his/her Judging Sheet.
88. Dogs Australia Retrieving & Field Trial Points Certificate must be issued as follows:
 - a. **All Age Stakes** – First place will be awarded six (6) points
 - b. Place cards must be issued for all stakes

AWARDS

89. On completion of the Trial the Judge shall complete and sign a Judge's Certificate or official catalogue of the event indicating:
 - a. Placegetters. Only dogs worthy of the award of Championship points may be shown as first, second or third placegetters in Stakes carrying Championship points.

- b. Qualifying Certificates (if any).
- c. Place cards must be issued for all Stakes

90. No Certificates, other than those of the Member Body, shall be awarded at Retrieving Trials held under the Rules of the Member Body. All awards must be issued on official 'Dogs Australia Certificates'
91. Every competing dog must be shot over before it can gain a prize and must satisfy the Judge that it is not gun shy. The prizes may only be awarded to dogs in actual competition.
92. Wins and other qualifications shall count as from and including the date they are gained. Only the highest retrieving title or qualification awarded to the dog will be used with the dog's registered name after application to and approval from the member body. The Dogs Australia database will be updated accordingly. The exception is for dogs that have both the titles National Retrieving Champion and Grand Retrieving Champion. They shall be **Gr Rt Ch Ntl Rt Ch** (plus the years if the dog has won more than one National). Only Championship titles go before the dog's registered name.
93. The dogs will be placed First, Second or Third in the prize list by the Judge in consecutive order of merit and such placings shall there upon become the awards, subject to the qualification that the Judge must certify that such dogs are worthy of occupying that position.
94. A dog that has not obtained a win or qualification on Cold Game in any stake contributing to a title will have (AG) displayed after the title.
95. (a) **Qualifying Novice Dog – Artificial Game (QNDAG)** may be awarded to any dog that has completed five (5) Novice Stakes to the Judge's satisfaction, (and awarded by at least two different judges). The records required to apply for a Qualifying Novice Dog title are the responsibility of the owner/handler.

(b) **Qualifying Restricted Dog- Artificial Game (QRDAG)** may be awarded to any dog that has completed seven (7) Restricted Stakes to the Judge's satisfaction (and awarded by at least two different judges). The records required to apply for a Qualifying Restricted Dog title are the responsibility of the owner/handler
96. (a) The title of **Novice Retrieving Dog – Artificial Game (NRDAG)** and/or **Restricted Retrieving Dog (RRDAG)** may be awarded to those dogs that have had three wins in those Stakes or those that are no longer eligible to compete in those Stakes because of wins in those Stakes or wins/placings in higher Stakes.

(b) The title of **All Age Retrieving Dog – Artificial Game (AARDAG)** may be awarded to those dogs that have completed ten (10) All Age Stakes (Artificial Game) judged by at least three different Judges. Once a dog has been granted title of AARDAG it can only compete in All Age or Championship Stakes
97. (a) The title of **Retrieving Trial Champion – Artificial Game (R.T.CH) (AG)** may be awarded to a dog that has gained at least twelve (12) Championship Points in Retrieving Trials awarded in Stakes conducted on artificial game.

(b) The title of **Retrieving Trial Champion (Rt Ch)** may be awarded to a dog that has gained at least twelve (12) Championship Points in Retrieving Trials *including a minimum of 6 points awarded in Stakes conducted on 'game'*; these may be awarded in any combination of points awarded in accordance with Rule 96 Retrieving Trial Rules for Gundogs .

Note: Any title awarded on Artificial Game, on the winning of a trial on Cold Game at the level at which the Artificial Game title has been awarded said title can amended to that of a Cold Game title i.e. Rt Ch (AG) to Rt Ch, NRD (AG) to NRD etc.

Championship and National Championship Stakes Eligibility

Any dog with the relevant qualification under Retrieving Trial Rules for Gundogs 41 and 42 will be eligible to enter any Cold Game Championship.

RETRIEVING TRIAL JUDGING SHEET **ARTIFICIAL GAME**

NATIONAL RETRIEVING TRIALS
(Amended 10/15, 6.17.1)

The Member Bodies have agreed that the National Retrieving Trial will be conducted on the 37th weekend of the year. Also, weekend 36 would automatically be allocated to the host State for its State Championship.

Requests by States for dispensation from using these weekends would be considered by the National Retrieving & Field Trial Events Working Party.
