3rd Place, 2013 VIC, 2016 VIC,

Ben gaining a total of 324 Championship Points

Progenies are now competing in the All Age Stakes

Elloesse Bold AS Brass RRD, Elloesse I Got You

IN BRIEF

Ben obtained his Retrieving Trial Championship at eighteen months of age.

He was a natural hunter that used the natural elements on the trial grounds, utilising the wind to his advantage, at times he was penalised for casting into the cross wind to pick up scent rather than run a direct line to the game.

Ben was very easy to train and we had no hassles in teaching him new concepts which he picked up very easily in a short amount of time. He was a great mate and he would follow me around wherever I went. A very quiet dog with no barking or winging. On one of his natural working abilities was when in Tasmania, on one of the great lakes he had to do a retrieve across a cove to pick up the game, I sent him off, he entered the water in a straight line to the game on the other side of this cove, On the swim across and back from the other side of the cove Ben had white caps breaking over him but swam to the game regardless. Ben swam this three times in this run without fault.

I believe that I have been blest with Ben being my best companion.
